

SilverSol® products consist of three unique and patented characteristics:

1. The size of silver particle which maximizes its effectiveness in destroying bacteria and viruses. Furthermore, the silver particles are not metabolized within the body and are safely excreted within 24 hours.
2. Aquasol Technology: The silver particles are wrapped in water molecules enabling fast and efficient absorption by the body.
3. The silver particles resonate at a frequency proven to kill germs in clinical trials.

HOW IT WORKS

SILVER OXIDE

SilverSol® kills bacteria & viruses by removing an electron.

VIRAL DISRUPTION

SilverSol® prevents viral replication.

RESONANCE

SilverSol® resonates at a frequency that destroys pathogens.

Silver Gel Skin & Body Care
Your Powerful Bacteria Protector

Silver Supplement
Your First Line of Disease Defense

- patented silversol technology®
- clinically tested: anti-bacterial, anti-viral and anti-fungal
- accelerates skin healing
- skin sanitization up to 4 hrs
- non-toxic • non-sticky
- non-greasy • odorless
- colourless
- used topically

- patented silversol technology®
- clinically tested: anti-bacterial, anti-viral and anti-fungal
- helps maintain optimal health
- immune system support
- safe and non-toxic
- clear, odorless & tasteless
- used orally

Silver Supplement

Silver Gel Skin & Body Care

Powered by
SilverSol® Technology

Suggested Use:

For Adults For immune system maintenance
½ tablespoon, 1-2 times a day
For therapeutic use
2 tablespoons, 1-2 times a day
For acute condition
2 tablespoons, 3 times a day

For Children For immune system maintenance
(under 12) ¼ tablespoon, once a day
For therapeutic use
1 tablespoon, 1-2 times a day
For acute condition
2 tablespoons, 2 times a day

***Take separate from salt or salty food/drink**

The colorless and odorless Silver Supplement helps support the immune system and is perfect for maintaining optimal health by effectively tackling illnesses caused by bacteria and viruses.

Well-researched, patented and powerfully effective, the Argasol™ Silver Supplement is produced with advanced technology that is able to ensure a stable non-toxic and safe solution for adults and children.

Suggested Use:

Wash and dry your hands. Ensure that affected skin is clean and dry.

Apply the Silver Gel on the affected area up to 3 times a day. Cover the affected area with a dressing if the skin is torn.

Argasol™ Silver Gel has been clinically proven to be anti-bacterial, anti-viral and anti-fungal. Its 4-hour continuous bacteria protection makes it stand out from other regular cosmetic skin care or wound care products in the market. The Silver Gel is odorless, quickly absorbed, has no alcohol content and a non-greasy finish. It is moisturizing and contains a food-grade gelling agent which makes it non-toxic and perfectly safe for children.

CLINICAL STUDIES

SilverSol® Technology has been widely researched with more than 190 independent studies from more than 60 different private, U.S. government, military, as well as university labs.

Some of the findings include:

- SilverSol® has no bacterial resistance
- 10 times more effective than conventional medicine at killing bacteria
- SilverSol® can be used with antibiotics and potentiates efficacy.
- Effective against H5N1 (Avian Flu or Bird Flu), MSRA, HIV
- 100% success against Malaria within 5 days in over 900 African children
- Highly effective in water purification

Silver Supplement and Flu Virus

In test tube results, the Silver Supplement was able to kill or neutralize a billion bacteriophage viruses in 2.5 hours.

In test tube tests against Avian Influenza A H3-N2 and the Beijing Influenza A H1-N1, the Silver Supplement (10ppm) was able to kill or neutralize 96-98% of the virus in two hours, with no measurable virus surviving in 12 hours. Against Avian Influenza A H5-N1 Vietnam Hybrid, it reduced the viral levels below detectable levels in 6 hours.

“We realize that these study findings are just a preliminary step in showing the effectiveness of the product as a daily supplement to improve health. But, given the fact that there is no other product that has been proven both safe for daily usage, and even moderately effective against H5-N1 Bird Flu, we think the study is very important.”

- Keith Moeller, Managing Director of American Biotech Labs

BENEFITS

- Broad Spectrum Antimicrobial
- Potent Anti-Inflammatory
- Non-Toxic
- No Side Effects
- No Microbial Strains
- Immune System Enhancer
- Cost Effective

Used for

- Hand sanitation
- Cuts
- Abrasions
- Minor Scalds and Burns
- Eczema
- Acne
- Rashes
- Ulcers
- Itch and Irritation (even for Chicken Pox)
- Insect bites
- Athlete's Foot
- Diaper Rash

HIGHLY EFFECTIVE IN

- Killing germs, bacteria, viruses and yeasts
- Supporting and protecting the immune system
- Tackling bacterial and viral infections at an early stage
- Water Purification

Argasol™ Silver Gel:

- Creates an almost instantaneous softening and rejuvenation when applied to the skin
- Is non-cytotoxic (it will not hurt normal human cells)
- Provides moisture for wound healing and burn treatment
- Can be used with bandages available in the market
- Helps ease discomforts associated with burns, wounds, bites or itching problems
- Odorless, alcohol-free and needs no refrigeration
- Is non-irritating to the skin, mouth or eyes
