

I've been using Argasol for a few years it's really such a fantastic product!!

Few months back i had a bad sinusitis problem and now it's completely gone by using Argasol 30ppm Solution. Each time 7.5ml at 3 times a day with a nebuliser!!

I'm so surprised with the fast result achieved and I believe with the good maintenance the sinus problem will hardly come back again!! I highly recommend this product to everyone!
